

e-form

Document Registration Form

After submission this form will be saved AES256 encrypted to the Aloaha Blockchain Swarm Storage.

The Aloaha Blockchain Swarm Storage is a distributed, immutable storage platform. The primary objective is to provide a decentralized and redundant store for sensitive data.

Image documents and PDF documents attached to this form will be added to this document as additional pages.

Other files will be zipped into one file and attached inside the PDF.

Your Reference:

After submission you will be supplied with a link to your form by email.
